Our band has received their new instruments.

The workmen are busy seating the C. P. Church.

During the absence of Mayor Hale, Alderman Deshong will be Mayor.

The Cemetery committee have had the lots therein renumbered and staked.

The Milan College is in the 2d Ward, though some think it is in the 1st.

There were 1440 chickens sold here last Tuesday. They averaged \$2.00 a dozen.

Fruit shipments are falling off some. Prices in the city hardly pay our shippers.

The base ball boys of this city will play a match game with the Humboldt club to-day.

A sociable was enjoyed by the young people at Mr. Adams' residence Tuesday night.

The State Bar Association met at Bon Aqua this week and have had quite an interesting meeting.

Three wagon teams ran away at Turner's mill this week. No one hurt, and but little damage done.

We are sorry to learn that Henry Blankinship's eyes are failing him. He now wears glasses. What is the cause?

Willie Frenz and Willie Trimble are now learning to play base-ball. They are very good for new beginners, but somewhat awkward.

A heavy rain fell Thursday evening with considerable wind and some hail. Corn in places was blown down, but no serious damage done.

Our amateur reporter, (W. E. T.), says: "The flux is not debating any at Shiloh. Good many deaths have occurred in that neighborhood."

Ticket 37,348, in the La. S. L., drew the capital prize—\$75,000, one fifth of which came to Milan. A pretty good hand. Who holds it?

Suppose each family in town should use a bushell of lime in disinfecting their premises, would it not save twice the amount in physic? Try it and see.

Col. Robert Gates, of the Tribune & Sun, Jackson, will speak here this afternoon on the subject of immigration. We hope he will have a large crowd.

Rev. Dr. Morten, of Louisville, secretary of the M. E. C. S. Church Extension Board, preached a most excellent sermon at the Methodist church Monday evening.

Rev. Mr. Cook, of the Christian church is preaching a series of sermons at the Odd Fellow's Hall this week. He presents the doctrine of his church very clearly and forcibly.

Mr. Chas. Kestnar received \$2,000 this week from the Knights of Golden Cross Lodge, being the amount due him on his wife's policy, who was a member of that lodge during life.

A thief entered Turner's mill one night this week and filled two large sacks with wheat when he was discovered by some one who was sleeping in the mill. The thief succeeded in making his escape.

Mr. J. T. Tucker showed us a sample of "Red Chaff" wheat yesterday, which produced 245 bushels to 15 acres. This he says is more than the average for this year. A sample can be seen at this office.

There is a log house on Williamson street, in the 1st Ward, that was moved from Shady Grove 24 years ago. It has since been weather-boarded and an addition put to it. You can tell it by the curve in the roof.

A prominent physician says "the health of Milan is distressingly good." The only way to keep it good is to clean up the disease-breeding filth, in the streets, alleys, by-ways—in fact, make a general swoop, and take in the town.

It would not be a bad idea to eradicate some of the mud holes on Main street, it might make the corporation a trifle poorer, but it would benefit the health of the town, which is better than gold, to say nothing of the impression it would have on visitors.

Tickets to Chicago and return, good until October 31, are on sale at the Illinois Central office here, and will be until September 30. Price only \$19. This is a great reduction, and should be taken advantage of by our people who wish to take a trip to the lakes.

While a party of small colored children were playing with a section of the running-gears of an old wagon in front of the Peabody House, on Sunday last, one of number ran a wheel over the left index finger of another, nearly severing the finger at about the first joint.

The concert at Jordan's Hall last Saturday night, given by the Colored Baptist Sunday-school, was a decided success. All acted their parts well, for which they deserve much credit. Dixie Williams, the organist, and her father John Williams for the active part they took in the exercises, merit special mention. \$21.80 was realized, which will be used in repairing their church.

Mr. J. T. Little, who lives near Shady Grove, was tried before Squire Heathcock Wednesday, charged with assault and battery, upon one Petty. It seems Petty, who was a tenant of Little's had agreed to surrender the possession of the house he occupied and afterwards declined to do so. Little, to get him out, brought forcible entry and a shotgun. Petty still holds the house and Little is under bond for his appearance at court.

So far eleven jurors have been selected in the Polk case.

KENTON TOPICS.

Editor Exchange:

Trade is very good, crops promising well and farmers are in buoyant spirits.

Wheat is being threshed and the yield is fair. Wagons are crowding into town and cars are daily loaded and shipped.

The health of this section is remarkably good, in fact the Doctors say it is "distressingly healthy."

We have no marriages or deaths, and if we were to note the new babies your readers would likely mistake the list for a delinquent tax list on account of extreme length.

We have a new steam shingle factory and shingles are baled and shipped in every direction.

Our stove factory does a good business and the supply of timber is inexhaustible. We also have a barrel factory and the barrels are filled with flour before being shipped.

Mr. John R. Ross and family left yesterday for Texas, where they will in future reside. Quite a number of our people are going to Texas, and we may go some time.

Miss Fannie Wade, one of our fair and fascinating belles, is visiting relatives at Trenton. We wish her a pleasant visit and an early return.

Miss Ida Porter has gone on a protracted visit to Bolivar, and we know of a certain young gent that looks sad.

A protracted meeting is to commence at Walnut Grove Church 3 miles east of here on the first Sunday in next month.

Mr. Elisha Warren lost his little four year-old girl, Ethel, on Sunday with scarlet fever, which has raged to some extent recently in this section.

Our town is improving daily and prospects for a good fall trade are flattering.

Our County Court refused to allow the people to vote on a removal of the county seat from Troy to Union City, and the people are enraged at so gross—so flagrant—so unjust—so insulting and so prejudicial a measure. Verily the day is in the near future when we will vote and remove it too—just as certain as time continues to roll on. H.
